To: **All Potential Tenderers**

Subject: Clarification to Swarm DISC ITT 1.2, 1.3 and 1.4

To whom it may concern.

**Swarm DISC has received the following questions related to SD-ITT-1.2, SD-ITT-1.3 and SD-ITT-1.4:**

**Question 1 – Statement of Work:**

“Should the proposal allocate budget to EOX as a subcontractor for the integration of new product visualizations into VirEs?”

**Clarification:**

No. Integration into the VirEs environment of the visualization of new data product(s) developed by this ITT will be executed by EOX outside the budget of this ITT. Related EOX activities will be handled separately by ESA, as adequate and subject to relevant authorisations.

The Tenderer for this ITT shall however allocate time to hand over visualization use cases, sample data sets and other relevant deliverables, and assist EOX in specifying and testing relevant web visualization(s).
