

2nd Grant of Deadline Extension for ITT 4.4

Kongens Lyngby, 28 January 2022

To: **All Potential Tenderers**Subject: **2nd Grant of Deadline Extension for Swarm DISC ITT 4.4**

To whom it may concern

The Closing Deadline for Swarm DISC ITT 4.4 has once more been extended – this time until 2 May 2022, 12:00 GMT

The Swarm DISC Project Office has received yet another well substantiated request for an extension of the submission deadline for ITT 4.4 “Swarm for Space Weather”. As justification the following is emphasised:

- Deadlines for other calls coincide with the ITT
- Work is currently ongoing on the provision of “Fast-Track” versions of Swarm L1b and L2 data products. This will have progressed further and might be beneficial for anticipated Space Weather activities.

The new closing date for ITT 4.4 is therefore **Monday 2 May 2022, 12:00 GMT**.

Questions must be submitted 10 working days before this new deadline.

Sincerely,

Klaus Nielsen
New Procurements Manager
Swarm DISC
